

PIPAP Walkthrough

<https://pipap.sprep.org>

Ainsof So'o

Systems Developer and Analyst
SPREP

Key Features

- Improved Look and Feel (launched in the weekend)
 - Highlights Richness of PA Resources on home page
 - PA Resources by Thematic Areas and Topics
 - Embedded with RIS (Country and PA stats – WDPA)
 - Integrated with existing SPREP Information Systems (GIS, PEIN, News)
-
- Improved page speeds (CDN)
 - Mobile Friendly
 - Using Free and Open Source Software - Drupal CMS
 - Secure – https, login required
 - Website Monitoring – Status Cake
 - Website Stats – Google Analytics

Submit Your Area

Pacific Islands Protected Area Portal

Create Management Area Submission

Submit your protected, managed and key biodiversity area

In an effort to ensure the Pacific Islands Protect Areas Portal is up-to-date with your latest official protected, managed and key biodiversity area data we have created this page for users to quickly add their information.

Please (1) draw and (2) submit country official areas by using the interactive map and dialogue boxes below.

Official Area Name *

E.g. Avarana Community Management Area

Protected Area Type (please select) *

- Select -

Draw your Area outline below *

Zoom to area, choose polygon feature, draw area as accurate as possible

Relevant Authority and Contact (insert multiple if applicable) *

E.g. National Fisheries Authority, Dept. of Environment and Dept. of Tourism

Status (please select) *

- Select a value -

Your Name and Contact Information (including email) *

E.g. Emery Madang, GIS Officer, Environment Dept, emadang@gov.net

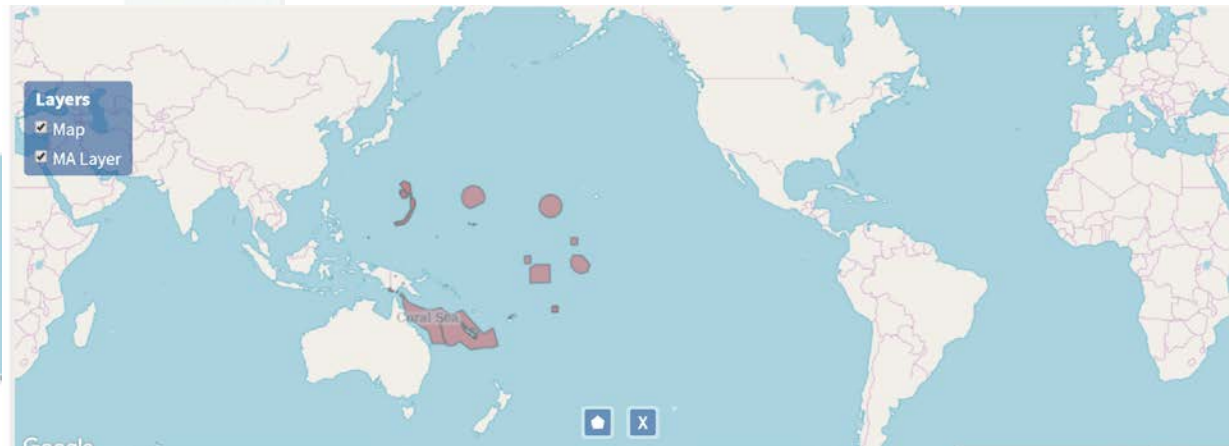

Other Important Information

E.g. Set up to protect troika shell fish and enhance tourism industry

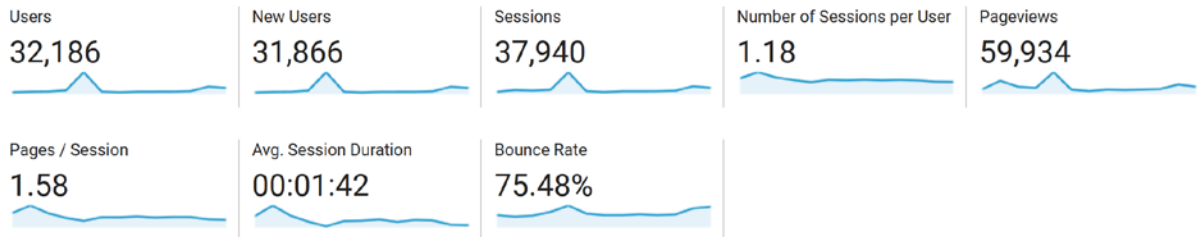

If Areas are private and not for public consumption, please advise and area will not be displayed publicly.

If you have a GIS file already of Area please send to Vainuipo Jumboit and Paul Anderson.

SUBMIT
